

As I discussed in my feature article in the July issue of Texas Saltwater Fishing Magazine, I'm planning on running seminars on the *Five Fundamentals of Lure Fishing for Trophy Speckled Trout* in August and September. These meetings will run from 8 a.m. to noon on Saturdays. In them, I'll discuss details related to the **selection of spot, method and pace of movement, lure choice, presentation style** and **level of commitment to spot**. The concepts relate to lure fishing for trout in general, with a focus on trophy fish specifically. Each seminar attendee will be provided a packet of materials which will enhance the presentation.

I've tentatively scheduled two dates, August 17 and 24, at Fishing Tackle Unlimited on the Gulf Freeway in Houston. I've also tentatively scheduled the meeting room at the Hampton Inn on North Padre Island on August 31 and September 14. I might be willing to travel to San Antonio or Austin too, depending on who shows interest and where they live.

The cost of the seminar will be \$250. I'll take a non-refundable deposit of \$100 to hold a seat, and will collect the remainder at the time of the meeting. To sign up for a seminar, please email me at kevxl8@mygrande.net or call 361 688 3714. When contacting me, please specify the date on which you'd like to attend. If you live in or near San Antonio or Austin and would only attend if a meeting is held in one of those places, let me know that too, so I can decide whether I want to travel to one or both of those cities.
