

Today, I filled some orders from retailers, sending books their way to restock their shelves. Within a few days, my new book, *Captain Kevin Cochran's Top 50*, will be available at Victoria Tackle Box, Rockport Tackle Town and Marburger's Sporting Goods in Seabrook. Brandon at Victoria Tackle Box is also carrying *Productive Places and Patterns* and *Waters Wild*. Roy's Bait and Tackle here in Corpus Christi has the new book too, in addition to all of my other books and DVDs. Fishing Tackle Unlimited also carries all of my stuff, with the exception of the new book. It will be available there after I do my seminar at the site on August 24. I'd like to thank these establishments for helping me get my products distributed. And I'd like to encourage my readers to stop by and support these businesses any time it is convenient.
