

Check out this testimonial I received via email today (5.11.16) about my Comprehensive Aid to Fishing Baffin and the ULM product! I appreciate the kind words, Brian.

Kevin,

I just wanted to say thank you for all the detailed work that you put into your CAFBULM product. I purchased your packet of information just a few months ago and since then then I have gained so much knowledge and understanding of places I never thought would be possible for me to fish. I truly believe it was the best \$1000 I have ever spent on fishing in my life! You are detailed and thorough. With your help, my son recently caught a 8.75 pounder and set his personal best. THANK YOU.
