

I created the coupon above for use by visitors of this website, friends and others who follow me on Facebook and repeat customers of **Trout Tracker Guide Service**. The coupon entitles all who find it to the following discounts on their purchases:

1. A **free 4-hour "seminar"** with the purchase of an *Comprehensive Aid to Fishing Baffin and the ULM* package for the retail price of \$999. Seminar to be done at my home on North Padre Island, or less formally by phone and/or through emails.
2. A **free 2-hour "seminar"** with the purchase of either a *Monster Maps and More* book or the *GPS data* which forms the other major part of a CAFBULM package for the retail price of \$499. Seminar to be done at my home on North Padre Island, or less formally by phone and/or through emails. (Use the Donations button on the Captain Kev's Products Page to order the GPS data.)
3. **10%** off the purchase of any *Inshore Angler's Personal Trainer* Plan. This reduces the price of a quarterly plan to \$1620, and a yearly plan to \$5400.
