

Thanks to customer Preston Barragan for sending me a note to acknowledge his satisfaction with the two *Keeper* original Gyotaku paintings he recently ordered (#1 and #6). It's always gratifying to receive a message like this one!

Kev,

The Keeper Gyotaku prints just arrived at my house while I was home at lunch. They are beautiful. Thank you so much. I am going to take them back to work with me to show them off. You and Heather did the magnificent speckled trout justice. Not many prints or paintings do what you two have done with this incredible fish.
