

## Six Birds of Sea and Shore Postcard Sets

I have created a set of Postcards, using images made from six paintings of shorebirds and other aquatic birds. All of the birds are identified by name, and all paintings are set in coastal Texas. Each of the notecards measures six inches by four inches, and is printed on glossy, 80# paper stock. I've included the six images used on the fronts of the cards below, and a sample of the back. On the backs, I've included the titles of the paintings. Sets of 18 cards (3 of each) are priced at \$14.99, while sets of 30 cards (5 of each) cost \$19.99. To order the postcards, click on the Captain Kev's Products page and use the PayPal button.
