

I recently took delivery on Note Cards I made using jpegs taken of the 12 paintings in my South Texas Signature Birds series. The cards are about 4.5" x 5.5", printed on glossy card stock. The name of each bird is included with the image. The back of each card has lines for jotting a note. And the sets come with a white envelope for each card. Click on Captain Kev's Products Page to order sets. I'm offering sets of 12 (1 of each bird) or 36 (3 of each). Images below show all the cards and what's on the back.
